# Message to BUDDIES

We promised each other we'll get rich together. No matter where you go or even if we're distant. You'll always be my bestfriend. Cause you were the reason I smiled the brightest.

-Karan

I will not mention the name. But here's a heartfelt message for you my dear kid.

Thankyou for being the one person who understood me when no one else did. Thankyou for not studying for that physical education exam. You have brought so much into my life that I can never thank you enough. I had lost trust in friendship, people in general. But you made me realize that souls are still alive in this dead world. You are the reason i attended school everyday apart from classes. With you, I am me. All the memories we made- Laughing so loud that teacher use to say 'haste hee rehte ho sara time', Dancing randomly while walking, recording every second because this all is going to be in our memories one day, doing all that crazy stuff together with you. I am so grateful to have you. It is you that I had the best days of my life with. You made my last school year more interesting. Love

So grateful that we took admission in this school and found each other as best friends. Hope our friendship last forever.
