What does Dikshant mean to you?

A place full of memories & betterment.

-Aditi Mallick

It's my second home, my family

Diljot Kaur

Emotion

Amarjeet Singh

A place where I enjoyed precious experiences with my classmates.

Riva

A safe space, providing a supportive and inclusive environment, place where I made friends and joyous memories.

Achintya Jain

Shruti Sharma
Manvi Longia

Dikshant feels like a second home to me. Since my childhood, I've woken up each day, getting ready for school, seeing my teachers, meeting my friends, and spending the entire day immersed in studying and playing

Vishti Joshi

Dikshant is where you feel at home and enjoy every moment.

-Anjali Saini

Dikshant feels like a second home to me. It's not just about classes and tests; I've learned a lot, not only from books but also from my friends, teachers, and all the experiences I've had. These two years have been a significant part of my life where I've grown, faced challenges, and had fun.

As I get ready to finish, I'm grateful for everything I've learned and the good times I've had

-Mehak Dhiman

For me, Dikshant is not just a school; it's a place that made me courageous, worthy, and a happier person. Dikshant, to me, is like a temple that changed the course of my life

Simerpreet Kaur

Dikshant holds significance as a place of education, growth, & social development.

Tamanna Dhiman

I have been studying at Dikshant for the past 13 years, spending my childhood here and creating countless memories, along with making new friends. It has been a fabulous journey. I have learned values such as compassion, sharing, cooperation, and most importantly, gained confidence.

I will cherish these values throughout my life

Snidha

Foundation of memories and dreams.

Arnav

An important advancement in the journey of my life.

Shubham Kartik

It means so much to me it will be very difficult for me to leave my school and go.

Daman

Hearing the word 'Dikshant,' the first thing that comes to my mind is 'family.' I've been in this school for the past 13 years. I've cried, laughed, learned, and basically grew up in this school. As my friends like to call it, I was born in this school, lol, but yeah, they're right. I was born in this school; this is the place where I made special bonds, learned so much not only about the lessons in books but also the lessons of life. Whatever I am today, I owe it all to Dikshant! Although I have to leave this family now, even after that, I'll always have a special place in my heart for Dikshant!

Varshika

Dikshant is like home for me. Throughout my fifteen years at Dikshant, I've never once felt unwelcome or lonely here. It has been the only constant in the seventeen years of my life. I would be forever willing to come back to Dikshant at any point in the future. That's where I would come back to when things get weary, that's where I belong, to Dikshant.

Muskan Dharwal

सा विद्या या विमुक्तये

What does Dikshant mean to you?

Dikshant helped me a lot in boosting my self-confidence, participating in various activities, interacting with different people, and made me self-aware of what I am capable of and what I should do.

Saksham Godara

Dikshant is like my second home, it means a lot to me after spending my 12 precious years in it.

Ria Sharma

A home of knowledge
Pushpinderjot

A place to hang out and learn new things in a new and fun way.

Aniket Singh Chauhan

It's a place where I made lot of amazing memories.

Kunal Dhiman

A place where we enjoy every function, so joyfully that the memories are unforgettable.

Renu Singh

Dikshant has always been a good friend to me. I have been studying in this school since 2022. And it's been amazing 2 years for me.

Vishal Sharma

House of Memories.

Bikramjeet Singh

I have been with dikshant since I was 10, so it is surely a great part of my life. It has significant contribution in shaping my life and it is the reason I am who I am today.

Samya

It has truly been a blessing for me to be a part of Dikshant. It helped me grow every day, gain confidence and become a better version of myself.

-Priya

Dikshant means a lot to me, as I learned a lot of values here. I got my confidence due to all the events I participated in, enhanced my debating and speaking skills and also enhanced my sporting skills.

It is a place where I met my friends and teachers. Dikshant is just like my second home that's why I hardly took any off. Now coming to the end of my school life I really feel sad leaving my school but Dikshant will always have a soft corner in my heart forever in my life.

Pushp Mohindroo

Having attended this school since I was a young child and developing friendships here that have now become family. Dikshant has become more of a second home to me. It has given me life lessons. My views and ideas are also shaped by what I've experienced here, it has taught me how to make my own decisions and distinguish between what is right and what is wrong. Dikshant has developed me from a little child to an adult. I am appreciative of my family because they don't hold or restrict me; instead, they encourage me to try new things, support me when I fail, and be there for me when I achieve. For me, it's more than simply a school—it's a home.

Anushka Shukla

Dikshant is a door that has provided me with a path to the future

-Arun Dhiman

It's an amazing school with a friendly environment. More like family to me

Aman Sharma

It is the place which taught me everything I will always remember the days I spent in Dikshant all the memories it helped me create in the campus

Siddharth Kamra

What School program or tradition will you remember most fondly?

I looked forward towards the Literature Festivals a lot owing to my love for reading. The Annual Day was another major event which gave the entire class a chance to come together, sit back and relax and actually enjoy performing together.

-Aditi Mallick Aniket Singh Chauhan, Idant Dikshit, Samya

All the school programs were memorable, but the annual function holds a special place in my heart as the most fondly cherished tradition. The best part about it is the weeks of preparation leading up to the rehearsal and the final day. The euphoric energy exhibited by all the Dikshantians lifts the mood, inspiring us to give our best performance during the function.

Renu Singh

Dikshant has numerous exciting programs and traditions, and while I love and participate in almost all of them, it's the school educational trips that I will remember most fondly.
Pushp Mohindroo

TedX is one of the programs which helped me a lot by interacting with different speakers.
Saksham Godara

I remember my visit to IIT Ropar where I learnt many things and also won an olympiad.
Aman Sharma

The school program I will miss the most is Annual Function, CLF and TedX.
Ria Sharma

There are so many memorable moments, and it is really difficult to choose just one. However, some of them hold a special place in my heart like annual day, cultural fest and educational trips.
-Daman

The tradition that I will most likely remember is Joy of Giving. To be honest, when I was younger, I didn't really get the rationale behind it. After years of execution, I can say with certainty that I truly understand the meaning of the phrase "joy of giving" and its wonderfully stated objective of contributing in our own unique ways to society.

Anushka Shukla

The Career Fest & this year's Annual Day are the events I will remember the most.
Vishal Sharma

To me cultural fest and the tradition of treating everyone with love, care and giving a sense of belongingness.
Diljot Kaur

It has to be the annual function! It was something we eagerly waited for all year. The most enjoyable aspect was having the excuse to skip class and simply be ourselves. Lol, apart from the class-skipping part, it was extremely memorable to dance, sing, or hang out with our friends. The excitement about the costumes and the anticipation while waiting for our turn in the green room were highlights. Despite being threatened by Dolly Ma'am to be quiet, it didn't curb our mischievous acts for long, though.
Varshika

What's the most memorable "only in our school" moment you've experienced?

CLF, Think Lab and various cultural and co-curricular activities which have enhanced both my experience and knowledge.

Amarjeet Bhalla

Making the school fun with numerous co-curricular activities that are so interesting, and one thing that happens only at Dikshant is Dolly Ma'am's presence to quiet the entire crowd.

Diljot Kaur

I changed schools frequently during my childhood, gaining diverse experiences. One of the most memorable 'only in our school' moments for me was TEDxDikshant School. I attended two editions of TEDx, both of which proved to be extremely motivational. Witnessing our school students giving TEDx talks inspires me to bring about positive change in my life and society.

This program not only motivates students but also develops a strong mindset to overcome life's challenges

Simerpreet Kaur

Memorable and exciting trips.

Priya

Without a doubt, the publishing of the book **Young Voices** was an 'only in our school' occasion. As students, we let our imaginations run wild, engaged with well-known writers and poets, learned the essence of writing and reading, and created and published original works of art. It was an amazing experience for a seventh-grader to see their efforts published and read.

Anushka Shukla

The most memorable experience in school was the Christmas fete and lunch break.

Ria sharma

Sitting on last bench and chilling with friends.

Vipul Verma

Being with friends in class.

-Pushpinderjot

Getting my poetry published in the book 'Young Voices: Stories and Poems by Students of Dikshant,' was an 'only in our school' moment for me

Manvi Longia

One of my most memorable moments occurred during a school trip to Jaipur and Lucknow. It was the first time we had embarked on day-night excursions. The particular memory I'd like to share is from the Lucknow trip. On our last day at the camp, we all found ourselves awake around 3 a.m., screaming, enjoying and playing games like hide and seek. It felt as if we had gone back to our childhood selves. Although we did get into trouble when Dolly Ma'am arrived with a stick and scolded us, that scolding, in a strange way, was also good perhaps because it was our last. Nevertheless, this trip memory is something I can never forget!

Varshika

No one ever motivated me much to take part in different activities until I came here. I participated in theatre during the annual function, and that was the time I had a lot of fun

Saksham Godara

Every student is given equal importance

Daman

"I believe our school offers students a unique level of exposure that is unmatched. Students have the opportunity to get their stories published, interact with renowned personalities through events like TEDx and literature fests, learn about management and organization, step out of their comfort zones, and be encouraged to engage in social work. One of those standout moments is the school's support, treating students like their own children. Being part of press conferences, panel discussions, and initiatives to meet students' needs is the best part. I had the chance to moderate a panel discussion at CCLF, an unexpected opportunity, all thanks to the school."

Anjali Saini ”

“ Career fest helped me know more about various career options and the one on one career counseling helped me a lot
Tamanna Dhiman ”

“ Anchoring opportunities have helped me boost my self-confidence
Shruti Sharma ”

“ I joined in grade 10. Over these few years, Dikshant has truly taught me how to face real-life issues, boosting my self-confidence. Also, I've made many friends, further enriching my amazing school journey
Mehak Dhiman ”

“ Counseling sessions were immensely helpful. Before enrolling me here, my father surveyed multiple options, and fortunately, Dikshant was one of them. Its focus on the child's career made it an instant choice. I am grateful for the guidance and clarification on various aspects of my choices
Simerpreet Kaur ”

“ The monthly counseling sessions from different colleges.
Kunal Dhiman ”

“ Providing opportunities to each student. Getting a chance to anchor provided me to get over social anxiety and stage fright.
Riva ”

“ To build confidence in each of us, numerous competitions and events were organized. These experiences have given me the courage to speak without hesitation. Thanks to my school, Dikshant, I am confident in my ability to engage with people on a daily basis.
Varshika ”

“ One thing I will always be grateful to Dikshant for is the plethora of opportunities provided to students. It is through these opportunities that I have built confidence, embraced values, and acquired golden skills, which will forever be the foundations of my character. I am confident that these attributes will contribute to my success in my career.
Manvi Longia ”

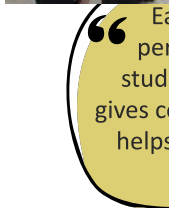

“ Each teacher gives personal attention to students which not only gives concept clarity but also helps to gain confidence.
Snidha ”

“ Personality development
Daman ”

“ Dikshant is more than just a school; it is a second home to me. Coming to Dikshant has taught me valuable lessons, especially about the significance of friendships. I love my school, and I only wish I had joined earlier so that I could have enjoyed my school life even more. Honestly speaking, these past two years have been the best of my school life
Diljot Kaur ”

“ Dikshant helped me identify the appropriate stream for me. I am eternally grateful.

Parminder

“ The teachers have been encouraging me for my studies and have been very helpful. incredibly supportive of my studies. I want to express special thanks to Neeru Ma'am, who has been exceptionally helpful and encouraging. She consistently addresses my doubts, always available to inform and provide any necessary information. Thank you ”
Bikramjeet Singh

“ I've greatly benefited from the classes I've taken, on topics ranging from academic subjects to career choices and personal hygiene. These sessions provided me with the opportunity to reflect on myself and gain insights into various aspects of life. Now, I have more chances for personal development and, if necessary, to prove myself. It felt like building blocks, requiring a lot of patience and effort. I faced failures, lost my temper, and felt undeserving at times, but teachers, friends, and family were always there to support and guide me along the right path ”
Anushka Shukla

“ I have gained more confidence and was always encouraged to participate in more competitions which enhanced my experience. ”
Jagmeet Singh

“ All those career talks and Tedx events have influenced my personal growth and helped me get more focused about my career. -Priya ”

“ The constant push from the school is something I am most grateful for. If it weren't for the school and the teachers, I might have confined myself to academics with zero extracurricular activities, becoming that typical nerd we often see. Instead, the school's encouragement to try out everything I could lay my hands on allowed me to differentiate and gradually realize what I truly enjoy and would like to do for the rest of my life. The confidence I have when standing on stage, without an ounce of fear, is something I credit to the school. Moreover, I've grown with Dikshant, shaping me into my seventeen-year-old self. ”
Muskan Dharwal

“ I am most grateful for the sports classes in the daily zero period. This initiative not only enhanced my sports and activity skills but also contributed to my overall improvement. ”
Aniket Singh Chauhan

“ I am very grateful to Dikshant because it helped me overcome my shyness and social anxiety. And Sarika Ma'am for guiding me towards my career and also in certain life decisions. ”
Aman Sharma

“ I am most grateful for the sports classes in the daily zero period. This initiative not only enhanced my sports and activity skills but also contributed to my overall improvement. ”
Aniket Singh Chauhan

“ Think Lab made me realize my love for computers and robotics, while CCLF and writing workshops helped me discover my passion for reading and writing. ”

Dream **BIG** & Achieve
Excellence in **LIFE**

If you could create a new school tradition, what would it be and why?

I would really wish for the school to have graduating Polaroids of each outgoing batch and display them together on a board as a perfect farewell, filled with memories."

Aditi Mallick

2 yearly trips instead of one.

Achintya Jain

It would involve taking more trips in a year because we not only have fun and create memories of a lifetime but also learn.

Varshika

I would like it to be regular volunteer work, with weekly classes led by students for underprivileged children. Through these classes, we can bring endless joy to the lives of those around us. Additionally, I envision an hour-long stress-buster class every month, where students can dance their hearts out, sing away their worries, and simply enjoy their time together.

Muskan Dharwal

Organizing a music festival can serve as a tool to balance study pressure

Dhruv

The daily recitation of the national anthem.

Aniket Singh Chauhan

Entrepreneurship Fair: Provide a platform for students to showcase their entrepreneurial skills by organizing a fair where they can sell products or services they've created.

Akshat

If I could create a new school tradition, I would love it if the 12th graders are allowed to stay for the full day (school timings) ! For me personally it's so difficult to leave for home earlier, being a 12th grader I miss staying in the school for a longer time. Second tradition would be alumni should be given a chance to be part of the school trips! Like after leaving the school we would miss going to school trips.

Simerpreet Kaur

A Reunion Party for each batch after 10 years so that we could come back and relive the happy moments.

Manvi Longia

More interhouse or interschool sports activities.

Saksham Godara

I would like to have a canteen at our school

Ria Sharma

Being a person with an artistic mind, I would like an art fair being organized in school which will help students enhance their creative skills.

Priya

I would like to make a tradition of organising a day for 12th when all are allowed to bring phones

-Siddharth Kamra

"Pass It On" Day: A day where students and staff anonymously pass on encouraging notes, small gifts, or acts of kindness to someone else in the school. It fosters a sense of connection and support.

Dolly Ma'am caught me using my phone. -Riva

I can't remember any
-Saksham Godara

As usual, being caught by Dolly Ma'am. Dolly Ma'am knows about my love for growing my nails, so during assembly days, I always try to keep myself away from her. But one day, while she was checking everyone's uniform and nails, I thought it was over. However, she was standing there, waiting for me and my friend because she had already seen us running away from the ground. This is the only 'oops' moment I could remember. -Simerpreet kaur

When I forgot to bring my guitar to the cultural fest.
-Dhruv

When I arrived late for Leena Mam's math class in 10th grade, I had to stand in the hall for the entire day -Ria Sharma

I fell from a chair six times without realizing it was broken. Trying to sit and falling, sit and falling... it was my first day
- Anjali Saini

I got caught cheating during an exam.
-Parminder

When I brought my phone to school, got caught by the teacher, and ended up getting suspended.

My pet bird turned on my camera during an online class while I was half asleep in Social Science class (Sorry Tanu Ma'am) -Shubham Kartik

When our class was told to answer 3 physics questions, I was the one saying, 'Yes, sir, we'll do it, but please take us to the ground.' The next day, due to some circumstances, I forgot to do those questions. So, that was an embarrassing moment for me -Renu Singh

I keep experiencing those moments on an occasional basis, with the most recent one being talking negatively about someone in front of someone I didn't know was their friend and would reveal it -Muskan Dharwal

Getting scolded by teachers
-Pushpinderjot

Phone caught in front of everyone.
-Abhijeet Saini

We shall never know; it shall remain a story untold.
-Achintya Jain

I've lost my temper a lot. Once, for no apparent reason other than someone sitting in my seat and not being ready to get up, I grabbed the boy's collar. Later, I realized it was just the heat of the moment. -Anushka Shukla

When we were bunking classes, and the coordinator caught us hiding and running -Gursehaj Singh
